You exemplify what this club stands for

Many Thanks

Past President Chris Gorman  
Executive and Members

Since joining the club in 1994, he offered his services in 1998 to Bob Towns President of our club, Bob recognized his leadership ability and asked him to serve on the executive committee, in 1999 was appointed secretary/statistician and in 2000 president Bob Towns nominated and was elected as president. At that time Bob stated that he had the job for life.

He has now completed his 13<sup>th</sup> season as president/statistician, so many things have changed under his watch, this past season was an example of his hard work, and dedication. Along with Mike Ryde he was at the park 5 – 7 days throughout the 6 or 7 weeks, of construction of the new courts, building backboards, cutting and installing rubber helping in the building of the planter etc.

It was an easy decision for the executive and committee to honour him, with the above plaque. This plaque will be presented by Past President Chris Gorman on November 3<sup>rd</sup> at the Awards/Banquet.

Club President Kenneth H. Condie

Since joining the club in 1999, he immediately involved himself in the operation of the club, and in 2002 was voted in as Vice President, and is currently holding that position, along with the title of Project Manager.

In 2003 he put his skills to a test and drew up the plans, help build the clubhouse, and in 2007 & 2011 designed and help build a total of three picnic shelters, in both those years he received the President's Award for his hard work and dedication.

The ultimate climax to all of his years, serving the club was this past year, drawing up the plans, helping in the negotiations with the City and then spending countless hours overseeing the work of the contractor, as well as help build the new backboards, planter box and cutting and installing the rubber.

He takes an active part in the daily operation of the club, and is a strong voice at all the meetings.

He has spent most of his playing time in the "B" division where he has maintained a club average of 23.6%, his highest year was 2004 with a 26.5 % average. He came in 1<sup>st</sup> in 1999 "C", "B" 2<sup>nd</sup> place 2002,2006,2010 and 3<sup>rd</sup> in 2008, his biggest wish is to win first place in the "B" division, he also won Player of the Week a couple of times.

For the first time, President Ken Condie, sought the advice of the executive in awarding the President's Award and it was unanimous that he should received this award once more.
