**Elwood Pembleton** founder of our club, twice President , Vice President served on the executive committee and when not on the executive worked behind the scenes, negotiating with City officials and arranging each year for sand, limestone and picnic benches for tournaments.

Bob and Ken approached the executive about honouring Elwood with a plaque and to have an annual plaque for the most improved player presented each year.

A very emotional Elwood, thanked the membership for recognizing his efforts over the years. He received a standing ovation from the members.

If the award was handed out this year the winner would have been

### **Dominic Pileggi**

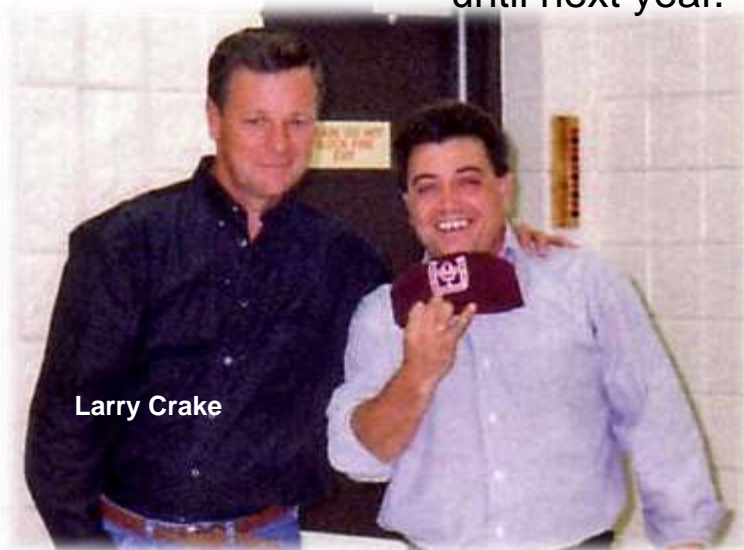

**Most improved player**

1997 average 9.7 %

1998 average 19.8 %

increase of 10.1 %

Unfortunately, there was no award handed out, he should have waited until next year.
