GLEN BARTON MEMORIAL AWARD HIGHEST AVERAGE FOR 1 NIGHT OVER HIS FINAL AVERAGE

GLEN BARTON

Joined the club in 1983 and served as executive committee member. He loved the game of horseshoes and was very competitive, with a 40% average, but a fun guy to play against. He died suddenly of a heart attack on November 11, 1996.

Arch Tobin

On

August 16, 2016

65.28% Final Average 47.37%

Difference 17.91 %

He joined our club in 2015 pitching at the 40 foot mark, starting off in the “B” division and after 3 weeks moved up to the “A” division and finished with a 24.50 % average.

Arch turned 70 years old on April 21st and decided to move up to the 30 foot pitching distance and his average started to climb and finished first in his division with a 47.37% average. Who knows with more practice over the winter months in Florida what he will reach next season.

The night he won the POW with 65.28% plus 20.47% over his current average, as you see he continued to pitch at a high level for the rest of the season.

He was the most improved player this year with an increase of 22.87 % over last years average. But according to the by-law he must establish an average for one year at his current distance. Maybe next year he will be rewarded for his efforts.
