

1991
Ontario Champion
“A” division
John Loder

John Loder, not only did he win 10 of 11 games, but he also had a ringer average of 59.6 %. This was the first and last time, (as of 2012) that any one our members have won the Men’s “A” division at the Ontario Singles Championships.

If I’m right, he is the first person to throw a flip shoe and win the Men’s “A” division.

John has represented our club at all of the National tournaments, and always held his own against all competition and is so deserving.

All he could say, “ Everything went my way during the tournament and it really felt good”.
